The indications are, for the lake region falling, and low barometer, increasing southerly winds, rising and stationary temperature, cloudy weather, frequent rains, and local storms, followed over the upper lakes and Lake Erie by southwest to north-west winds and in the southern portions clearing weather.

### THE CIRCUIT COURT.

In the Circuit Court to-day no business was transacted of importance. At the close of this week adjournment will be taken until June 24.

### MILWAUKEE RACES.

To accommodate persons wishing to attend the races at Milwaukee this week, the Chicago, Milwaukee & St. Paul Railway Company will sell excursion tickets to Milwaukee and return for \$3.50 until Friday. Tickets good to return on or before Saturday.

### BITTEN BY A DOG.

A son of Mr. Fred Clark, who lives in the town of Janesville, was badly bitten by a dog last Saturday. The boy was passing a neighbor's yard when the dog flew at him and succeeded in mauling his face quite badly before he could be called off. The dog is not deemed rabid, and it is expected the wounded boy will soon recover from the injuries.

### WOMEN NEVER CEASE.

Next Thursday, Friday and Saturday at Lippin's hall will be given an opportunity

for the citizens of Janesville to see and hear for themselves the Edison phonograph, the talking wonder of the age. It reproduces the voices of animals and the human voice in all its variations. Prof. E. W. Woolcott, will present and give explanation of the wonderful invention, so that all may understand its workings. The announcement will double the large numbers to witness the working of the machine during its stay here. The hours are fixed from 10 o'clock a. m. till 10 o'clock p. m., and the place of exhibition placed as low as to be within the reach of all.

### SAD DROWNING.

Two Sons of Mr. August Lutz Find a Watery Grave Near Monterey.

Their Bodies Recovered, but all Efforts to Resuscitate are Vain.

A sad case of drowning occurred to-day noon, the victims being two little boys, sons of Mr. August Lutz, who resides at the corner of Academy and Washington streets. It appears that the two lads, Willie Lutz, aged about five years, and August Lutz, aged about three years, went out this forenoon to play. The last seen of them was about noon when they were noticed on the beach and fooling about the race gait, at Monterey. They were apparently fishing. They were warned to go away, but did not do so. It is supposed that they fell off into the water shortly afterwards, though no one saw them until nearly one o'clock, when their little sister aged about seven years, who was playing near the water, saw August, the smaller boy, floating about near the shore. She caught hold of his clothes and pulled him upon the land and cried for help. A young man named Herkimer and others ran to the spot and immediately commenced trying to resuscitate the boy, and while in the midst of this work, the same little girl called their attention to the fact that little Willie was also in the water. This was the first that any one knew that more than one of the boys had been drowned. The second body was quickly taken out, but it was soon found that all attempts at resuscitation were hopeless, as death had already ensued. The bodies were taken to the home of the parents, and the sorrow of those upon whose hearts this sudden grief fell is too sacred to be brought before the public gaze. Careful inquiry among those living in that vicinity and who were near the spot at the time of the accident, shows that no one saw how they happened to fall in, and this will probably forever remain a mystery. The water where they were drowned is not deeper than five feet at the most, and in most places is ordinarily about two feet deep. The current is quite swift, and by its eddying kept the bodies afloat, and the wind was blowing in a favorable direction to drift them toward the shore. The sad occurrence has called forth a kindly expression of neighborly sympathy, and friends are doing all in their power to assuage the grief of those thus suddenly bereaved.

### THE BAZAR OF NATIONS.

The entertainment to be offered to-morrow evening at the Baptist church parlors is worthy of more than a passing notice. For some years the young persons connected with this society have annually provided an exhibition which has been unique in character, excellent in execution and attractive in its nature. In 1876 they presented a Martha Washington Tea Party. Last year, their offering was a "Carnival of Authors." These representations required great labor—but it was rewarded with great success. Their project this season is "The Bazar of Nations"—wherein the prominent characteristics of the chief countries of modern times will be exemplified. Much thought and work have been bestowed upon the enterprise, and a pleasant evening can be safely promised to those who witness the result.

### THE WATER WORKS.

Dr. Palmer and Mr. G. A. Libbey returned to-day from their search after information concerning water-works. The rest of the party will not return before to-morrow. The two, who have returned, have little to say as to the details of what they learned, as they leave that for the committee proper to place before the public in their formal report. The display at Burlington, as narrated in Saturday's Gazette, was of particular interest to the visitors. From there they went to Ottumwa, where they found everything as represented by Mr. Wiley. The citizens there express themselves as well pleased with the works, and a like expression has been gained from private sources, some of our business men having written letters to acquaintances in that city, and having received favorable replies. The committee spent Saturday in Ottumwa, where Dr. Palmer and Mr. Libbey left them and came home. The rest of the party went that night to Marshalltown, and to-day are in Cedar Rapids, in both of which places are water-works. If they also go to Ottumwa, as is proposed they will not reach home before to-morrow night.

### ANOTHER WALK.

Miss Estella Lachapelle walked at White-water last Saturday, and accomplished her fifty miles in 11 hours, 15 minutes, it being three-quarters of an hour less than the time in which she promised to make it. She showed several spurts of speed, making one mile in 9½ minutes. There was a very slim attendance owing to the rain, and as a financial venture it was not a success. At the close of the walk Miss Lachapelle went on foot to the hotel, thence to the depot, and after waiting there some time, and also waiting at Milton, came down to Janesville on a freight train, reaching here about 4 o'clock yesterday morning, and walked from the freight yard to her boarding-place in the rain without protection. With such exposures to wind and weather, especially after having such a fatiguing walk, it does seem strange that she is not completely used up, but she claims to be feeling about as usual.

### TALKS FROM THE PULPIT.

Some Gospel Truths from the Lips of Rev. J. W. Spoor—The Remnant of Labor Talked of by Rev. Mr. Wheeler.  
Rev. J. W. Spoor, of Rochester, N. Y., preached a very thoughtful sermon last night, at the Baptist church, his text being, "And if the righteous scarcely be saved, where shall the ungodly, and the sinner appear?" He preached his sermon by the remark that he felt a great responsibility resting upon him from the fact that he would never again probably have the opportunity of speaking in that pulpit and to that audience, and the duty of preaching some truth which would reach the hearts of his hearers was uppermost in his mind. He delivered an earnest, exhortatory sermon, dwelling first upon the question, who are the righteous? They were not the self-righteous, for the bible said that they were not to be saved at all. They were not the legally righteous—those who obeyed the letter of the law but despised the spirit of the same, for outward morality coupled with inward sinfulness availed nothing. The righteous ones referred to in the text were those who had been thoroughly converted and regenerated. There was a great difference between conversion and regeneration. He had been asked, whether he believed that "once in grace, always in grace." His answer was, that it depended greatly on what was meant by "grace." If simple conversion was meant, he did not believe that once converted always regenerated, after conversion, there would become implanted within him principles which would prevent him from being lost so far astray that he would ever be lost. Having thus given his ideas on who were the righteous, he proceeded to the second point, as to why the righteous were scarcely saved. He spoke of the temptations, and the trials, to which the righteous were subject, and which made it difficult for them to be saved. He closed his sermon with a strong appeal to the ungodly and sinners, and described the distinctive features of the lives and characters of these two classes, and the end which should finally be theirs.  
AT COURT STREET CHURCH yesterday morning Rev. L. N. Wheeler preached on the text "whatsoever thy hand findeth to do, do it with thy might." He spoke of the benefit arising from the necessity of work. God could have made the world so that all its inhabitants could have remained in idleness, but it was better for man's moral and intellectual nature that work was a necessity. He also spoke of the field of labor presented on every side. There was work enough for all. The amount of work to be done, the shortness of the time in which to do it, rendered it necessary that it should be done with promptness and enthusiasm. The sermon was one of the best which Mr. Wheeler has delivered from that pulpit. It was full of apt illustrations, and truths were presented in a forcible and attractive manner.  
FIRST METHODIST CHURCH.  
Mr. John Wells preached at the First Methodist church last evening, his subject being "The Good Samaritan." Rev. Mr. Clithro was absent, supplying the pulpit of Rev. Mr. Hoskins, of Geneva.  
Rev. Mr. Dunn, of Milton, occupied the pulpit in the morning.

### HYMENIAL.

WATERMAN-CURTIS.

A very pleasant matrimonial event occurred in Rockton, Illinois, May 22, it being the marriage of Mr. William S. Waterman and Miss Emma Gertrude Curtis. The ceremony was performed at the residence of the bride's parents, by Rev. Mr. McArthur, and in the presence of a large number of the friends of both parties. Mr. Garret Waterman, of Bradford, Wisconsin, and Miss Belle Clement, of Harrison, Illinois, served respectively as groomsmen and bridesmaids. Many friends from Beloit were present, among others. The presents were numerous and appropriate, and the young couple started off on life's journey, with the well wishes of many.

### THE SERENADERS.

Heywood's New York Serenaders showed up to a small audience Saturday evening. Some features of the show were fair, but as a whole it was not over and above meritorious. The same old dodge was used on the reserved ticket scheme, which has been used by even better shows than this. The public is getting pretty well drilled now so that they do not bite at these catches quite so readily. The managers always hurt themselves when they live up merely to the letter of their advertised promises, and break the spirit and general understanding of the same. There were a few redeeming features in the entertainment, and some novelties, and with some additions and some subtractions the company will render a performance worthy of a more liberal patronage.

Among the list are such companies as the Old Etna and Phoenix, of Hartford, the Home, Continental and Westchester, of New York, the Insurance Company of North America, Fire Association, Girard, American, Pennsylvania, and Franklin, of Philadelphia. The Liverpool and London and Globe, Imperial and North-Ocean, and Commercial Union of England, and the Western Assurance and British America, of Canada, and others.

You can now get insurance in the above well known companies at the lowest possible figures. This being the case it would seem useless to throw away money upon weak and unknown companies. Get the best at the best rates.

### An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you, your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning, will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual constiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sales now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you.

### A Pardonable Pride.

Prompts most people to delay, by any laudable means that science affords, the evidences of physical decay. Who that is in perfect health would not match the bright eye, the active mind, and other appearances of youthful vigor, with the luxuriance, the rich color and beauty of youthful hair? Parker's Hair Balsam stands pre-eminent as an elegant hair dressing, and by its healthful action on the roots not only promotes a luxuriant growth of the young hair, but unfailingly restores gray or faded hair to the original youthful color, giving soft, rich and lustrous appearance of great beauty. No other preparation so effectively removes dandruff or stops falling of the hair; its cooling and healing action entirely curing itching humors of the scalp, and keeping the skin clean, white and healthy. It is perfectly harmless, exquisitely perfumed, and contains nothing that will soil the skin or gum the hair. It is not a dye, and is unequalled for excellence and purity. Buy a bottle from your druggist. A. J. Roberts, Janesville, Wis., and test its merits.
